HEATED TERM IN POLICE COURT

Change of Weapon in Colored Circles.

BRICKS TAKE PLACE OF RAZORS

Too Hot to Fool Now and Everybody Has Got to Pay Great Dispenser. Fan Supply Has Not Been Forthcoming.

The heated term has failed to subdue the colored population and Justice John had to settle more negro fusses yesterday than for many moons before.

Their presence in the Temple of Justice was as scentient and positive as the alanthus bloom. The Great Dispenser dealanthus bloom. The Great Dispenser de-clared it was too hot to fool with people now and he proposed to charge for his time and make everybody pay costs who did prove themselves as innocent as angels. MANY CALLED.

MANY CALLED.

There were many called out few chosen and rules and attachments flew around like and rules and attachments flew around like shells in an oyster-shucking contest.

The Big White Chamber was at steam heat, and the pores on the Great Dispenser's brow stood open like the holes in a pepper cruet. He mopped the streams of salty exudations from lis lilly-white skin with a handkerchief warranted all linen and a ward wide.

and a yard wide.

He looked daggers over his shoulders at the rubber necks who dared to infringe upon his air space behind, and felt around now and then in a helpless way for something he could not find.

thing he could not hind.

Here it is full-fledged summer, and not a single one of the Great Lawgiver's constituents have sent him a fan. FORGOTTEN. There are men in Richmond who are now wealthy who have advertised their rusiness on fans distributed in Hiszoner's Court, and now they have forgotten him. Heat, heat everywhere, and not a fan

BRICK EPIDEMIC. There seemed to be a brick epidemic in colored circles, and caused the Great Dispenser to remark that they were changing their style of weapons and giving up "the razzoo and the knife." Wallace Dixon and Edgar White, of

size, and Mrs. Emeline Ballard, his aged grandmother, declared he would not obey her and was beyond her control. Joseph wept copiously and with dramatic effect when the reformatory was mentioned.
OLD, OLD STORY.

His hat was industriously used to staunch his tears, and the sobs that shook his youthful frame also tore at the heart-strings of the old lady. She weakened perceptibly, when the Great Dispenser agreed to leave it to her what should be done with the boy.

Joseph made fine promises for the future. The Great Dispenser told him what to expect if he did not 'walk the chalk.' and Joseph went once more where chalk," and Joseph went once more where

COFFEE DISEASES.

Minister and Young Lady Affected, Ministers sometimes find they suffer from the effects of bad habits as well as ordinary people. Rev. Mr. ——, of Athens, N. Y., had become greatly emaciated from coffee drinking, which produced stomach trouble and all of the effects of

overwork or poor nourishment.

He quit the coffee and began drinking
Postum Cereal Food Coffee. His health began to improve and he now weighs 151 pounds, an increase of 15 counds over his former weight. This improvement in health and strength is shown to be due to the use of Postum Food Coffee, by the fact that when he stops drink-ing Postum—as he has done for an experi-ment—he begins to lose flesh and get back

into his old condition. A young lady who writes about the case says that she was formerly suffering greatly from 'khose twin diseases,' dyspepsia and nervousness, "I knew that both of the diseases had their origin in the use of coffee, and while I was fully aware of its injurious effects upon my system, I was not willing to give it up, for I did not know of anything to take its

"Tea, I knew, was also injurious, and as for cocca, it lacked the 'snap and go' which can alone satisfy a coffee drinker's taste. About two years ago I purchased my first box of Postum Food Coffee and quit the use of coffee. I made Postum according to directions and found I had a drink not only equal to coffee, but far superior to it in many ways. Since that time I have used it constantly and find my general health very much improved, and the 'twin diseases' sone. I also send you the names of Rev. and Mrs. ———, of Athens, N. Y., who have been greatly helped by the use of Postum Food Coffee in the place of ordinary coffee."

Mrs. Norman V. Randolph, Richmond, Va.:
Dear Madam,—It has become a timehonored custom in all associations, whether civil, social or military, to make those whose duty and privilege it has been to perform any service in their behalf, when ever they have well and faithfully performed that service, so as to win admithe Confederate cause, on all occasions and in many organizations, we, the mem-bers of R. E. Lee Camp, No. 1, C. V. desire to tender to you our sincere and heartfelt thanks. Ever in our behalf have you been foremost in every good word and work; but especially do we desire to con vey to you our admiration for your splen-did services in behalf of the Jefferson Davis Monument Association at the recent Confederate Reunion at Louisville, Ky. By your efforts you have started a move ment which will make it possible to have erected in the near future a monumen to the memory of the Great Chief Execu tive of the Confederate States. Not only do your comrades of Lee Camp (for we feel that we can call you one of us-by the association of mutual interest and mutual labors in behalf of the Confederate cause), but Confederate veterans every where feel that they owe you a lasting debt of gratitude for your efforts, to have honored our great chief, President Davis And many who despaired of ever seeing a monument to his memory erected, came from the Louisville reunion inspired with the thought that soon they would be called to view that granite pile and bronze effigy which will tell to generations yet to come of the great men and the great people who founded a government, whose brief history challenged, and is still com manding the admiration of the civilized world, the grand monument of Jefferson Davis, President of the Confederate States of America. Labor Notes

The Central Trade and Labor Council of Richmond heid its regular semi-monthly meeting Tuesday night at Ellett's Hall.

Local Union, No. 10, of Journeymen Plumbers, Gas and Staam-Fitters, was admitted to membership in the Council. Reports from the various organizations showed that work was plentiful, and the

several organizations were in a prosperous condition. The Journeymen Barbers will meet at Tenth and Broad Streets next Monday night at 9 o'clock. A committee from the

Trades Concil will be present to invite them to join the Union. The Electrical Workers of Richmond will hold a smoker at Thon's Hall, Sev-

that time. Several hundred people were made comfortable Tuesday night and last night, but hundreds were kept at home.

The Casino is as comfortable on a meeting at Smith's Hall last night. The Union is composed of laboring men without trades, who have banded themselves together for the betterment of their condition.

ROCKINGHAM, N. C., June 12-Special.-Fayetteville Presbytery meets in ROCKINGHAM, N. C., Jume 12-Special.—Fayett-ville Presbytery meats in special session at Sanford to-day to examine for licensure to preach Mesers. Watson Fairley, Kenneth McIver and Donald McIver. The two former finished the theological course in Union Seminary, Elchmond, Va., this spring. Mr. Donald McIver took the course in divinity at Yale University. As there is some question among Southern Presbyterians about the soundness of the faculty of its divinity school, the candidate will doubtless be subjected to an unusually searching examination, especially on the divinity of Chirst, the inspiration of the Bible and the nature of the atonement. The result will be awaited with interest by many friends of Yale in this section.

the blood, and unless relieved through certain instrumentalities too much of this acid poison reaches the skin and it becomes red and inflamed. The itching and burning are almost unbearable, especially when overheated from any cause. The skin seems on ire, sleep or rest is impossible, the desperate sufferer, regardless of consequences, scratches until strength is exhausted. This burning, itching humor appears sometimes in little pustules, discharging a sticky fluid, which forms crusts and scales. Again the skin is dry, hard and fissured, itches intensely, bleeds and scales over.

This is a painful and stubborn form of the disease.

While Eczema, Tetter, Erysipelas, Salt Rheum and many like troubles are spoken of as diseases of the skin, they are really blood diseases, because

If the blood is in a pure, healthy condition, no poisonous elements can reach the skin.

External applications of washes, lotions and salves sometimes mitigate the itching and soothe the inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this.

S. S. S., the only purely vegetable remedy known, is a safe and permanent cure for Eczema and all deep-seated blood and skin troubles. It goes direct to the seat of the disease, neutralizes the acids and cleanses the blood, re-inforces and invigorates all the organs, and thus clears the system of all impurities through the natural channels; the skin relieved, all inflammation subsides, and all signs of the disease disappear.
